Old Dutch brings

Healthful Cleanliness

so important in the bathroom

Health demands the highest standards of cleanliness. Old Dutch brings healthful cleanliness—that's why it is used in millions of homes.

The bathroom is devoted to personal cleanliness and should always be healthfully clean. It is so easy to keep it so with Old Dutch Cleanser, the ideal cleanser for the care and protection of porcelain and enamel surfaces, tile, glass, fixtures, etc.

Old Dutch Cleanser removes all visible dirt, stains, and discolorations; also the dangerous invisible impurities which ding to the tub and wash bowl after the bath, washing the hands or brushing the teeth. It doesn't scratch; scratches are catch-alls for germs and impurities. Will not clog the drain.

Old Dutch is composed of a natural detergent; free from harsh, scratchy grit, acid and caustic. To the eye a fine powder—the microscope shows that its particles are flaky and flat shaped. They remove all uncleanliness by erasing it. There is nothing else like it.

Saves work-goes farther-lasts longer
